**UACCM Adult Education**

...How do I get my GED®?

**Step 1 – Enrollment**

Stop by the UACCM Adult Education Center located at 600 North Saint Joseph Street in Morrilton. Complete an enrollment form and Locator test. This process takes less than one hour.

**Step 2 – Orientation**

GED® students will complete a brief overview of the program of study.

**Step 3 – TABE (Test of Adult Basic Education)**

GED® students enrolled at the center must make an appropriate score on the TABE (Test of Adult Basic Education) assessment before taking the GED® Ready Test. The TABE consists of Reading, Language, and Math subtests and will take approximately 1 1/2 hours.

**Step 4 – Counseling & Study**

Results from the TABE test enable teachers to diagnose, evaluate, and successfully provide students with appropriate learning options. The TABE results indicate an individual’s skill level in reading, math, and language. This test will determine any weak skill areas a student may have and allow them to focus on those areas. Individualized instruction, computer-based learning, and classes are available at the center. Distance learning options are also available for those students who qualify. Students who score at grade 10.5 or above in Reading, Math, and Language and have completed the required number of hours will be allowed to take the GED® Ready Test for free.

**Step 5 – GED® Ready Test**

The GED® Ready Test is similar to the Official GED® Exam, and is also taken on a computer. The student must make a sufficient score before being allowed to take the Official GED® Exam. Students may take each section of the exam separately.

**FINAL Step – Official GED® Test**

The Official GED® Exam! When students are ready, individual sections of the official exam will be scheduled. There will be a small fee of $4.00 for each of the four sections or ONLY $16 TOTAL.

**Confidentiality:** No student information can be shared with a third party without the written consent of that student.
